

Health Assessment (HA) in LEAN

UnitedHealthcare can better understand a member's unique health needs by obtaining a health assessment from the member. The health assessment is a tool that quickly identifies members at high risk for inpatient hospitalizations and those who may benefit from clinical programs. For coordination of care and Star Ratings, UnitedHealthcare should obtain a health assessment from members enrolling in a MA/MAPD, especially those in Chronic or Dual Special Needs Plan (SNP).

You can support UnitedHealthcare as a Partner in Care by completing a health assessment along with an enrollment application in LEAN. The health assessment must be submitted within three calendar days of the application signature date. Based on the responses, information could be shared with the member's care team. Answering these questions will have no effect on the member's plan membership.

The health assessment includes Social Determinants of Health questions. Social Determinants of Health are conditions in the places where people live, learn, work, and play that affect health risks and outcomes.* Answering these questions may help us assist members with referrals to resources such as food, transportation to medical appointments or behavioral health assistance.

Once you have completed the member's enrollment application in LEAN, follow the instructions below to complete the health assessment:

1. Starting the Health Assessment

You have two options to start a health assessment after completing the enrollment application.

On the confirmation screen, click **Start HA** to begin the health assessment.

Thank You
The application has been submitted.
Confirmation # E-590016071621
Receipt emailed to:

Completed Application Summary Display Receipt Close Application

If you wish to start a Health Assessment for the same consumer, click the "Start HA" button below. You have 3 days to complete the Health Assessment.

Start HA

Health Assessment in LEAN

If you did not start the HA from the confirmation screen (e.g., you used Remote Signature to complete the enrollment), return to the LEAN dashboard and click **My Applications** on the left side of the dashboard.

The dashboard shows the following sections:

- Confirmation Steps:**
 - Confirm you are Licensed, Appointed, and Certified in the Applicant's State and Product
 - Confirm Scope of Appointment has been completed and returned
 - Confirm applicant has their Medicare Card or Number
- Medicare Advantage and Part D:**
 - Scope of Appointment
 - Voice Signature MA/PDP
- Medicare Supplement:**
 - New Med Supp App
 - Saved / Submitted Med Supp Application
 - Companion Sales
- Useful Links and Reference Material:**
 - Provider Search
 - UHC Drug Search
 - Jarvis
 - Benefit Review
 - Enrollment Handbook
 - Election Period Worksheet
 - LEAN User Guide

On the **Submitted** tab, click **Start HA**. If the **Start HA** button is not present/active, you are not permitted to complete a health assessment. The Start HA button may not be present/active based on the plan in which the consumer is enrolling or because more than three calendar days have passed since the consumer signed the enrollment application.

This will open the health assessment. To continue, you must read the statements and click **I Agree** for the attestation. Do not read these statements to the member.

All of the member's information is pre-populated from the LEAN application. If you did not include the member's home phone number on the LEAN application, you will be required to provide it here.

Health Assessment

Health Assessment

HA ATTESTATION (FOR AGENT USE ONLY)

- A Health Assessment is a short survey that helps the health plan assess a member's health needs.
- Health Assessments are conducted within 90 days of enrollment, and annually within 365 days of the previous completed health assessment. Additional health assessments may be completed with a change in health status.
- Health Assessments are used to assess each member for needs related to medical conditions, psychosocial status, functional status, cognitive ability and mental health.
- Information collected from the Health Assessment is used to develop an Individualized Care Plan (ICP) which is shared with the member's providers.

I Agree or I Understand the above information regarding Health Assessments.

Enrollee Information

Today's Date
07/16/2021

First name testha	Last name test0716	State FL
----------------------	-----------------------	-------------

Date of birth 01/01/1903	Home phone number: * <input type="text"/>	Medicare number(MBI) 1aa1aa1aa11	Enrollment confirmation number E-590016071621
-----------------------------	----------------------------------------------	-------------------------------------	--------------------------------------------------

The information used in these examples is for training purposes only and does not reflect actual consumers or members.

2. Navigating the Assessment

Capturing Responses

As the member answers the assessment, select the appropriate response from the dropdown menu.

Compared to others your age, how would you describe your health? Select... ▾

Current Health Conditions

Are you being treated for or have you been told you have any of the following?

COPD/Emphysema	Select... ▾
Mental Health Need (Anxiety, Depression, Schizophrenia, Bi-Polar Disorder)	Select... ▾
Diabetes (sugar diabetes) or too much sugar in your blood	Select... ▾
Heart problems (irregular heart beat, heart attack, or heart surgery)	Select... ▾
Heart Failure or Enlarged Heart	Select... ▾
High Blood Pressure	Select... ▾
Kidney Dialysis	Select... ▾

Conditional Questions

Answers on the Health Assessment give UnitedHealthcare a more complete picture of the member's needs and may help us to assist our members with additional assistance/ resources or behavioral health referrals.

Some questions only appear on the screen when necessary.

Prescription Drugs	
How many different medications do you take each day (including prescriptions and over the counter medications)?	Select ... ▾
Hospital Stays	
In the last year, how many times have you stayed overnight as a patient in the hospital?	Select... ▾
Help At Home	
Do you need help with any of the following activities?	
Bathing	Select... ▾
Grooming	Select... ▾
Toileting	Select... ▾
Eating	Select... ▾
Dressing	Select... ▾
Mobility (Moving Around)	Select... ▾
Transfers (example: move from bed to chair)	Select... ▾

Changing Responses

You may go back to change an answer at any time before the assessment has been completed.

3. Completing the Assessment

Once you have completed the assessment, click [Submit HA](#).

You can review the Health Assessment by either clicking [View HA](#) on the confirmation screen or go back to **My Applications >Submitted** and find the member. You will see the HA confirmation number on the right. You can click the confirmation number to view or download the completed HA. No changes can be made once the HA has been submitted.
