Ascend VBE Overview

Ascend VBE Overview

What is VBE?

- VBE (Value Based Enrollment) is a quick process to help gather health-related information to provide a smooth onboarding experience for the beneficiary. Wellcare will complete the electronic Health Risk Assessment (HRA) for Dual-Eligible Special Needs (DSNP) and Chronic Condition Special Needs Plan (CSNP) members in Ascend.
- The Ascend platform will be used to facilitate our VBE program directly following a completed application.
- You may **only** start the VBE process after an enrollment application has been completed for the member.
